*The overall graduation rate is also known as the "Student Right to Know" or IPEDS graduation rate. It tracks the progress of students who began their studies as full-time, first-time degree- or certificate-seeking students to see if they complete a degree or other award such as a certificate within 150% of "normal time" for completing the program in which they are enrolled.*

*Note that not all students at the institution are tracked for these rates. Students who have already attended another postsecondary institution or who began their studies on a part-time basis are not tracked for this rate. At this institution, 54 percent of entering degree-seeking students were counted as "full-time, first-time" in fall 2020.*
