### **ALCOHOL AND OTHER DRUGS**

Western Dakota Tech (WDT) believes that the illegal use of drugs and alcohol presents a serious health and safety hazard to the College community and interferes with educational and occupational success.

The College fully complies with the Drug Free School and Communities Act of 1989 to prohibit the illegal possession, consumption, and distribution of drugs and alcohol on College property, during classes and at activities officially sponsored by the College. Students and employees 21 years of age or older may not consume alcoholic beverages on College property, during classes, or in connection with activities officially sponsored by the College except by permission of the local Board or designee.

Furthermore, students are prohibited from being on campus property while in an intoxicated state. Additionally, possession of empty alcohol beverage containers and drug paraphernalia is also prohibited. No student organization may sponsor any student-related activity at which alcoholic beverages are to be consumed.

WDT supports all federal, state, and local ordinances pertaining to alcohol and drugs and will fully cooperate with law enforcement authorities to protect the students and employees of the College from the illegal possession, purchase, sale, and manufacture of controlled substances and alcohol.

A person needs to feel secure to perform at a maximum level. Therefore, campus safety and security must be a concern of every student and employee at WDT. Furthermore, drug use and alcohol abuse affect the entire campus community in increased drop-out rates, academic failure, disciplinary problems, and progression into addiction.

For the purpose of this policy, drug includes all controlled substances, illegal or controlled mood-altering chemicals, all look-alike drugs, all chemicals that release toxic vapors, and any prescription or patent drugs except those medications prescribed by and under the supervision of a licensed physician in a manner consistent with WDT policy.

As part of the effort to create a drug-free campus, WDT believes the college community should be educated about the physical and emotional health hazards the misuse of drugs and alcohol presents. WDT provides information and educational programs on substance abuse throughout the year to students and employees. Listed below are some of the health risks associated with using/abusing alcohol and various drugs. (Please note that the dangers associated with substance abuse are not limited to only the conditions listed below.)
