Business & Technology

- We offer flexible scheduling for program courses. You can choose three days per week in class on campus, 100% online, or a combination of both.

- Students learn website building and ad design utilizing Adobe software, advanced Microsoft skills (including MS Certifications), and QuickBooks.

- WDTC Business and Technology graduates consistently make some of the highest wages in comparison to all program graduates.

- Graduates of this program can work in banking, insurance, management, government, sales, and more.

Business skills are some of the most versatile skills you can learn. Our program will help you learn them fast, and on your terms. The business world offers well-trained students an endless list of career opportunities.
