Health Information Management

Required Steps to Obtain Your Credential	1. Successfully complete all requirements for WDTC's Health Information Management Program
	2. Become a member of American Academy of Professional Coders (AAPC) Visit https://www.aapc.com
	3. Complete the application for the Certified Professional Coder (CPC) Exam
	4. Locate an exam testing site in your region and schedule your test date *NOTE: You are required to use specific, current coding books for the CPC exam. It is recommended that you follow the guidelines outlined on the AAPC website for purchasing the necessary books. The required books can be purchased through their website. It is also recommended to purchase additional coding tools such as the CPC Exam Study Guide and practice tests to help prepare for the exam.*
